Union Civil Aviation Minister Ram Mohan Naidu (left) and Gujarat Chief Minister Kanubhai Patel during the India Aircraft Leasing & Financing Summit 2.0 at GIFT City, Gandhinagar on Friday.

FE BUREAU Gandhinagar, May 8

UNION CIVIL AVIATION Minister Ram Mohan Naidu on Friday said India does not seek to compete with established global aircraft leasing hubs, but to complement them, and the country is committed to creating the right ecosystem.

Naidu further stated that the government is closely monitoring the West Asia crisis to ensure that the aviation sector remains insulated from disruptions.

Speaking on the sidelines of an event at GIFT City in Gandhinagar, he said, "The scale of the global aircraft leasing market, and particularly the India-related portion of that market, is large enough to accommodate multiple private sector players across the world...The globe has been increasingly connected that we can have multiple regional centres across the world, and India wants to be a strong player in that. We want to be a global player, but at the same time complementing the global industry," he said.

He highlighted that the government had recently announced a ₹5,000 crore credit line guarantee scheme to ease liquidity pressures faced by airlines. Referring to other measures taken by the government, he said that the monthly increase in aviation turbine fuel prices had been capped at 3%, while airports had reduced landing and parking charges by 25%.

The investment in the tragic Air India crash included about, which claimed 260 lives last year. In India, he said, the report is expected within a month, Naidu said.

"Investigation is going on very strongly. We have to understand one thing that when foreign nationals were travelling on the plane that crashed, if the probe report will be up for scrutiny by any court in any country or any government, it can raise questions," Naidu said.
